

The background is a vibrant orange with a dark, textured border. It features several black silhouettes: two jack-o'-lanterns with glowing yellow eyes and mouths in the bottom left; several bats in flight scattered throughout; and a large ghost with a white sheet and two eye holes in the top right.

## **Halloween safety tips from Caravona & Czack**

### **Help your young ones to have a safe Halloween:**

- ◆ Shorten costume hems to prevent trips and falls.
- ◆ If you put candles in jack-o'-lanterns, keep them away from curtains and other indoor combustibles. Outside, position them so kids in costume won't get near them.
- ◆ Use facial makeup instead of masks, which can reduce vision.
- ◆ Give each child a flashlight for visibility and trim costumes with reflective tape so that youngsters are visible to drivers and bicyclists.
- ◆ Use extra caution while driving on Halloween night.
